

WE ARE GRATEFUL

One can never express enough gratitude for Allah Subhanahu wa Ta'ala's innumerable bounties. The blessed favours from the inexhaustible source never diminishes for Believers who show genuine and sincere gratitude for it has been promised by Allah Ta'ala himself in Surah 14 Verse 7 "And remember! Your Lord caused to be declared (publicly): "If ye are grateful, I will add more (favours) unto you..."

It was the habit of Rasulullah (Sallallahu Alaihi Wasallam) to show extreme gratitude and appreciation for any favour he received. This should be the Akhlaaq (character) of a true believer. Regardless of how insignificant the favour may be, we should express our extreme gratitude and appreciation to the person as this is also part of being grateful to Allah. A person who does not truly appreciate the good that people do for him can never be truly grateful to Allah. Rasulullah (Sallallahu Alaihi Wasallam) said: "The one who is not grateful to people cannot be grateful to Allah". (Abu Dawood, Hadith number 4811, Narrated by Abu Hurayrah).

From SANHA's inception 17 years ago we owe individuals, and organisations an unrepayable debt for their unstinting support. From financial contributions to pro bono services, donations in kind and encouragement, logistical support such as transport etc, we are grateful for their love and support on an ongoing basis as well as for specific events such as Conferences, Annual General Meetings, Exhibitions etc.

As you are aware from our invitation sent to you previously that our Annual General Meeting is being hosted this Sunday, 10 November 2013 ([click here for details](#)).
