

## IFEA 2014 - SEE WHATS TRENDING

**SANHA** in its almost two-decades long service to the community of Southern Africa, constantly promotes the availability and accessibility of Halaal foods and services.

Cognisant of the fact that the consumption of Halaal is a religious requirement subscribed to by a fifth of mankind and transcends national boundaries, **SANHA** has endeavoured to build bridges between suppliers and consumers through institutions committed to this ideal.

**IFEA (Africa's Food & Drink Event)** is such a window, nay a three day door of opportunity to see and source never-seen-before product innovations, meet over one hundred and fifty suppliers in one place and listen to experts.

Join us at our hospitality stand at **IFEA 2014** at the Sandton Convention Centre from the 5 - 7 November 2014 and let us help you to navigate the show.

An incredible array of activities have been lined up including free to attend seminars and live demonstrations by expert chefs. Enjoy the highly competitive National Barista Championship final and myriad of other activities while you review the latest trends from local and international exhibitors.

**Get there first or your competitors will.**
