

AGM – IT'S AN OPEN BOOK

OPEN, TRANSPARENT and ACCOUNTABLE.

This has been our terms of reference since inception and hence our determination to host Annual General Meetings (AGM). Our officials report to you directly at open public meetings without intermediaries, independent panels and consultants.

It's an open book each year with reports, including audited financial statements presented directly by officials to you and also posted on our website.

The AGM's are rotated between the major cities. This year due to the number of invitations received from the Mother City it will be held in Cape Town, Insha-Allah.
