

RAINBOW CHICKEN PROCESSED PRODUCTS

No longer certified Halaal by SANHA.

This is due to the introduction of non-approved imported Brazilian meats and failure to provide info.

The affected products are Polony, Viennas, Nuggets, Strips, Schnitzels, Crumbed and other value added products.

However, there is no change in the Halaal status of the fresh and frozen Rainbow Chickens which are slaughtered and processed at a separate Halaal certified site.
