

**NOTICE FOR MUSJID BOARD**

**ISSUE NO. 62**

**MUHARRAM 1439/SEPTEMBER 2017**

**THE AGONY AND THE ECSTASY OF SOCIAL MEDIA**

Amongst those inventions and innovations that have dramatically changed our world in a manner that will never be the same again, Social Media must rank highest. It has placed incredible power of communication in the hands of the Ummah that can be used for good or abused with evil intent to hundreds of thousands of people at the single push of a button on your phone.

Our National Consumer Helpline established over 15 years ago fills a vital role in keeping the community informed on issues of food permissibility. The service is interactive and is used extensively by housewives, learners, students, the food industry, traders and even other Halaal certifiers.

You owe it to yourself and your family to be kept informed of Halaal and Haraam. At the start of this New Year 1439 we invite you to utilise our smart service streams to be kept informed. These can be accessed through the following streams:-
